

ROSMERTA

PIONEER IN MOBILITY SOLUTIONS

WHO WE ARE?

Rosmerta (ROS-MUR-TA) stands as a beacon of innovation in India's mobility solutions landscape. With a steadfast commitment to excellence and a rich history of groundbreaking advancements, Rosmerta has become a driving force in automotive technology. Rooted in a vision to create safer, smarter, and more connected Indian roads, the company is at the forefront of the Surakshit Safar initiative dedicated to reducing road accidents and fatalities by 50 percent by 2030.

- Rosmerta holds a remarkable 60% market share in the Indian High-Security Registration Plate (HSRP) Industry, making it the world's second-largest and India's foremost manufacturer.
- Rosmerta excels in operating across diverse domains: Identification, Sustainability, Connected Electronics, Compliance Services, and Vehicle Care. The group is committed to delivering innovative solutions and making a significant impact across the automotive industry.
- Rosmerta's offerings demonstrate a dedication to transforming India's roads through cutting-edge technology, providing comprehensive solutions for a smarter and safer transportation ecosystem.

Rosmerta Group has solidified its position as an industry leader, serving over 3,00,00,000 unique customers annually. Headquartered in Gurugram, Haryana, the Group's nationwide presence, bolstered by over 4500 employees and a network of state offices and branches, underscores its unwavering commitment to E-governance, Sustainability and Road Safety in India.

PILLARS OF SUCCESS

Mission

Committed to contributing to a cleaner and sustainable future for the global mobility landscape.

Vision

To become a leader in the automotive industry, achieving growth through Innovation and strategic expansion.

Value System (DRIVE)

Dedication

We are dedicated to our mission and consistently strive for excellence in all that we do, from product development to customer service.

Resilience

We approach challenges with resilience, embracing them as opportunities for growth and learning.

Innovation

Innovation is at the core of our identity, and we continually seek new ways to improve and lead the industry.

Versatility

We value versatility, adapting to changing market dynamics and evolving customer needs.

Ethics

Ethics and integrity are non-negotiable, guiding our decisions and actions to ensure trust and transparency in all our interactions.

ROSMERTA'S INTEGRATED SOLUTIONS

IDENTIFICATION

- High Security Registration Plates (HSRP)
- Smart Card Based DL+RC Solutions
- Microdots

SUSTAINABILITY

- Registered Vehicle Scrapping Facility (RVSF)
- Diesel Exhaust Fluid (DEF)
- Pollution Under Control (PUC)

CONNECTED ELECTRONICS

- Telematics Solutions (VTS, SLD)
- Driver Monitoring & Alert System
- Smart Card Manufacturing (Banking & Telecom)

COMPLIANCE SERVICES

- Automated Testing Stations (ATS)
- Automated Driving Testing Tracks (ADTT)
- RTO Services

VEHICLE CARE

- Repairs & Servicing
- AI Inspection
- Vehicle Accessories
- Insurance & Vehicle Services

DRIVING INNOVATION, CONNECTING FUTURES

INTELLIGENT TRANSPORT MANAGEMENT SYSTEMS (ITMS)

- ITMS includes Telematics device, monitoring solutions, hosting and operational capability.
- STU order for VTS and Passenger Information System for 18,000 buses and 1000 bus stop boards in MSRTC.
- ITMS is deployed in Automotives, Mining, public distribution, logistics, solid waste management, petroleum & public transport organizations.
- Compliant to AIS-140, IS:16833 standards.

HARSH CORNERING

HARSH ACCELERATION

DRIVER MONITORING SYSTEM (DMS)

Prevent accidents and unnecessary costs through real-time driver monitoring also get alerted when the driver is **distracted, drowsy or using the phone**
Know your top drivers and identify those who require coaching through an easy leaderboard.

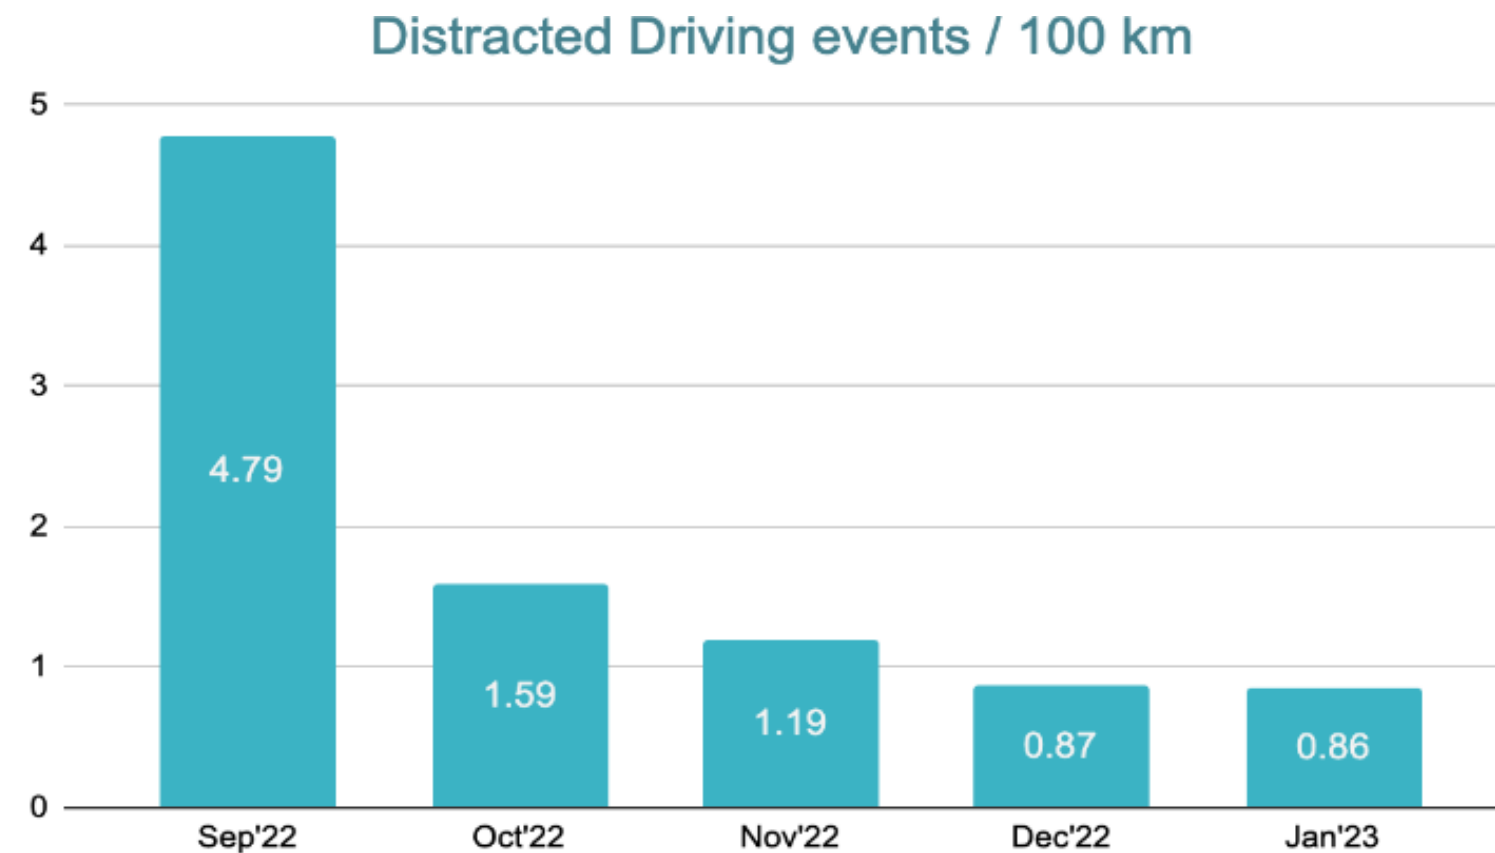

Require Coaching			
Name	Incidents / 100 kilometres	Distance (km)	Top Incident
Ayton	19.05	231	Lane Drift
Sujal Pandey	17.7	955	Speed Limit Violation

Items per page: 5 1 - 2 of 2 |< < > >|

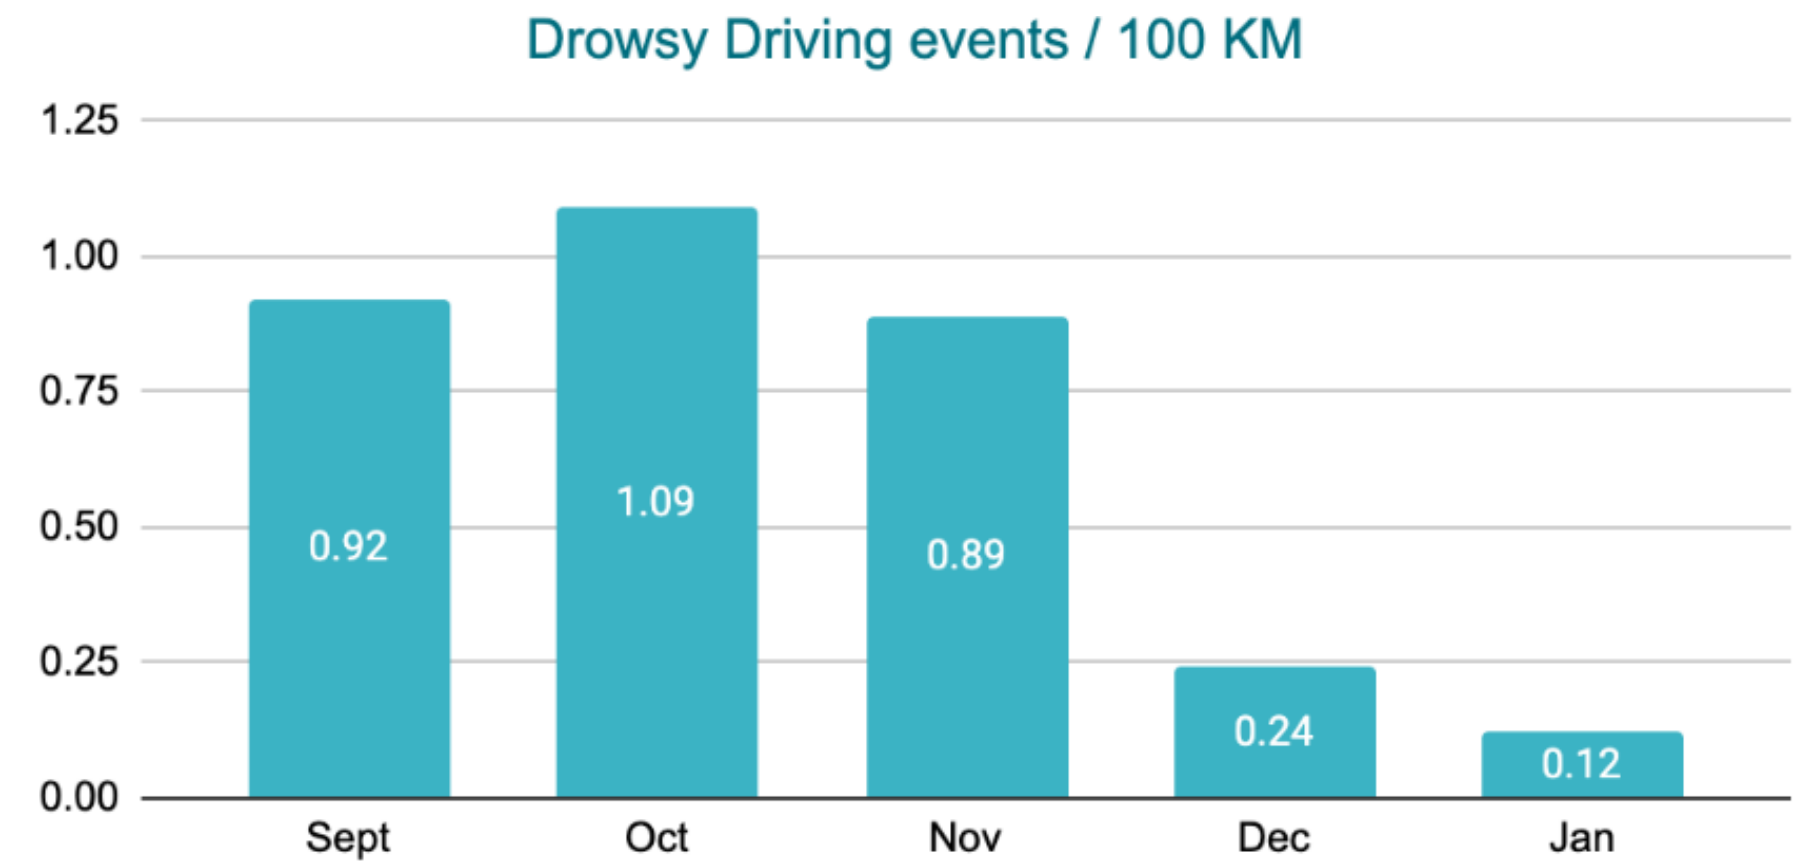

35% REDUCTION IN CRITICAL INCIDENTS IN ONE MONTH

IMPROVE DISTRACTED DRIVING BEHAVIOUR BY 82% IN 4 MONTHS

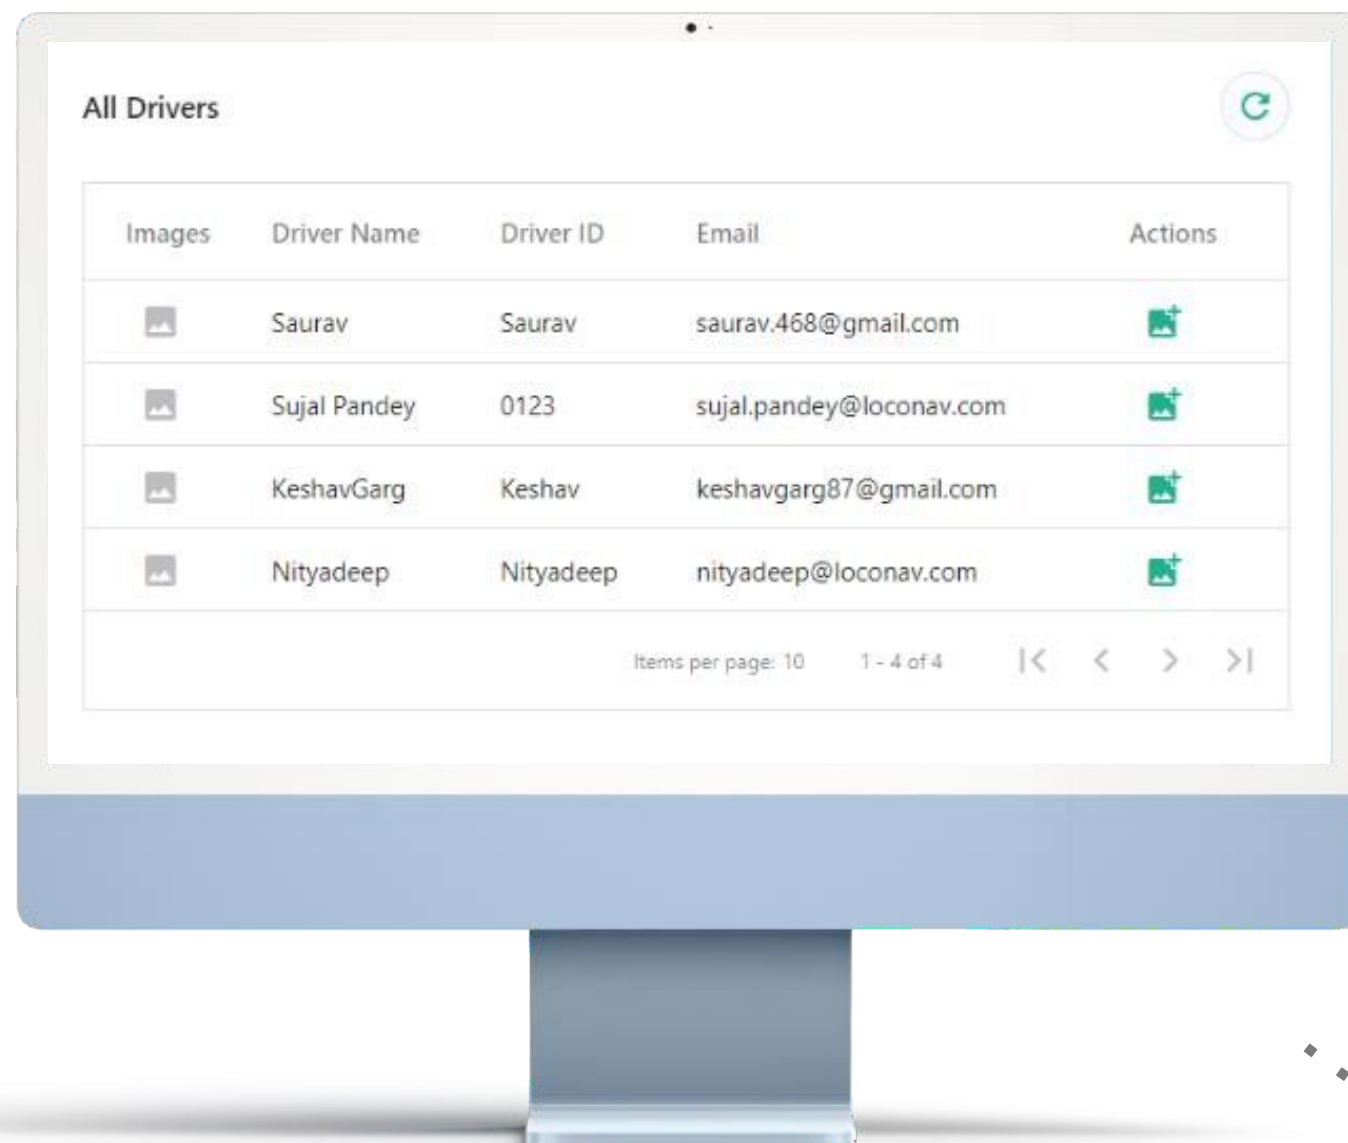

REDUCED DROWSY DRIVING BY 87% IN 5 MONTHS

DRIVER MANAGEMENT & COACHING

DASHBOARD

The dashboard shows a list of all drivers with columns for Images, Driver Name, Driver ID, Email, and Actions. There are four drivers listed: Saurav, Sujal Pandey, KeshavGarg, and Nityadeep. Each driver has a small image icon and a green plus icon in the Actions column. At the bottom, it shows 'Items per page: 10' and '1 - 4 of 4'.

Images	Driver Name	Driver ID	Email	Actions
	Saurav	Saurav	saarav.468@gmail.com	
	Sujal Pandey	0123	suja1.pandey@loconav.com	
	KeshavGarg	Keshav	keshavgarg87@gmail.com	
	Nityadeep	Nityadeep	nityadeep@loconav.com	

DEVICE

From installation to driver engagement and coaching, companion apps provide drivers with a transparent view of how the video telematics system measures driver performance, increasing **driver trust** and making them key stakeholders in the process of improving fleet safety

Each unique driver is **identified and assigned** by the system as the Bluetooth enabled camera recognizes and syncs the driver through his companion app

Integrated with the driver's companion app

COMPANION APP

BENEFITS FROM VIDEO TELEMATICS SYSTEM

PASSENGER TRANSPORT

- School bus
- Taxi / Cab
- Intra-city bus
- Inter-city bus
- Mini-Van

INDUSTRIAL VEHICLES

- Refrigerated Truck
- Pick-up truck
- Tractor
- Car Transporter
- Cement Mixer
- Oil / Gas Tanker
- Fork-lift
- Crane

PUBLIC SAFETY VEHICLES

- Police Car
- Fire Engine
- Ambulance

HIGH-SECURITY TRANSPORT

- Armoured Truck
- Prison transportation
- Cash Van

-- FEATURES LIST --

	Category	Features	Availability
1	Web and App interface	Web interface	✓
2		Android and iOS Mobile app	✓
3	Vehicle Tracking	Fleet status (number of vehicles in Moving/Stopped/Offline status)	✓
4		Cluster view on the map in case of large fleet	✓
5		Share Vehicle Real-time location	✓
6		Filtering vehicles above a certain stoppage duration	✓
7		Filtering vehicles which have travelled more than a certain distance in the current day and previous day	✓
8		Assigning vehicles to specific groups/zones	✓
9		Vehicle specific view that gives the summary of present day's activity	✓
10		Vehicle timeline with alerts and stoppages shown on the map	✓
11		Driver distraction (Driver view, road view, side by side view)	✓
12		Driver Fatigue (Driver view, road view, side by side view)	✓
13	Vision	Cellphone usage while driving (Driver view, road view, side by side view)	✓
14		Live streaming (Driver view, road view)	✓
